

National Conference Of the Research Society Of Anaesthesiology and Clinical Pharmacology

“New Horizons In Anaesthesiology ”

22nd to 24th October 2010
Bengaluru (Bangalore) the garden city

Dear Colleagues,

It is our privilege to invite you to the Annual Conference of the RSACP to be held in the Garden City. The conferences conducted by the RSACP are renowned for their rich academic content and innovative workshops. The salubrious climate of Bangalore will make your trip that much more enjoyable. No event can achieve its goal without active participation by its audience, hence we are looking forward to hosting a large number of enthusiastic delegates. OUR Goal is not only to satiate your knowledge, but for you to carry home memories which you will cherish for a long time.

22nd Oct 2010 Workshops

23rd - 24th Oct 2010 Conference

Scientific Programme Highlights

Day 1: Workshops, a variety from which you can choose

Workshops on

- | | |
|---|---|
| i) Difficult Airway Management | v) ICU Rounds |
| ii) Ultrasound guided Nerve Blocks | vi) Transoesophagea / Echocardiography |
| iii) Mechanical Ventilation | vii) Multimodality Monitoring in Neuro |
| iv) Haemodynamic Monitoring | Surgical Patients |

Day 2 & 3: Stimulating academic interactive sessions with Lectures by eminent National & International faculty symposia, How - I - do - it session by those 'in the know' as well as rebuttal sessions.

Free papers and posters with awards for the best free paper and poster

Post Graduate Quiz so start preparing and do your institution proud!

Delegates	Upto 31-08-10	Upto 10-09-10	01-10-10 Onwards & Spot	Workshop
RSACP Member	Rs. 2500/-	Rs. 2500/-	Rs. 3500/-	Rs. 400/-
Non Member	Rs. 2800/-	Rs. 3300/-	Rs. 3800/-	Rs. 400/-
PG Student	Rs. 2000/-	Rs. 2300/-	Rs. 2500/-	Rs. 300/-
Accompanying person / Children	Rs. 1500/-	Rs. 1500/-	Rs. 1800/-	
Overseas	US S 100	US S 120	US S 150	

Three preferences to be given for choosing a workshop and each workshop will close after 30 registrations.

All delegates have to register for the conference

Post graduates should obtain a bonafide certificate from their Head of Department

Organising Committee	Scientific Committee	Registration committee
Patron : Dr H. L. Kaul Organizing Chairperson : Dr Rebecca Jacob Organizing Secretary : Dr Yohannan John Joint Organizing Secretary : Dr Radhika Dhanpal Organizing Treasurer : Col. R. Shekar	Dr Rathna Rao N Dr Venkatesh H.K Dr Raghavendra Pai K Dr Murali Chakravarthy Dr Bhadrinarayan V Dr Mathew Thomas Dr Shivakumar S	Dr Chandrashekar C.R Dr Sharanu Patil Dr Ravi Narayanan Dr Asha Kiran
Trade & Exhibition Dr Chidananda Swamy M.N Dr Nagaraj Rao N Dr Medha Huilgol Dr N. S. Chandrashekar	Hospitality Dr Gp. Capt. R. K. Lalla Dr Mohanty S. K	Advisors Dr P.M. Chandrashekar Dr G. Parameshwara Dr Harsoor S. S Dr Umamaheshwar Rao G.S Air Cmde. R. Chaturvedi Dr Muralidhar K

ONLINE REGISTRATION AVAILABLE

LECTURES

Preoperative investigations – where should we stop?
Teaching with technology - understanding the new generation of students
Current understanding of mechanisms of Anaesthesia
Monitoring in anaesthesia – How minimal is safe?
The need for a National Resuscitation Council
Physical principles for the anaesthesiologist – it's relevance in clinical practice.
Drug administration errors – How to prevent it?
Chemotherapeutic agents and anaesthetic implications
Critical review of a research article – How to plan methodology for research (study)
Perioperative considerations in liver transplantation - How I do-it?
DVT in ICU – Recognition, and management – current understanding
Blending EBM and Clinical expertise
HFOV in adults
Treatment issues in PPH & Coagulopathy

Plenary lectures–

Chronic Pain Management – Current concepts
Anaesthesiologists role in perioperative lung protection
Patient safety in Anaesthesia

Problem based discussions –

Patient with fracture femur with moderate head injury
Patient with cirrhosis of Liver with Variceal bleed for emergency endoscopic procedure
Respiratory tract infection in a child
Emergency laparotomy surgery for intestinal obstruction in a 5mths old infant
Preoperative assessment & preparation of patient scheduled for lung resection.
55 Wold Patient with a drug eluting stent scheduled for Total Knee replacement
Critical illness myopathy- difficult to wean
Known epileptic for caesarean section – anaesthetic consideration
Known hypertensive on treatment for Total Abdominal hysterectomy – what pressure is acceptable and management?
Patient with Lung injury and compound fracture femur – should we take up for wound debridement & fracture fixation?
Elderly Patient with LV dysfunction scheduled for Total Hip Replacement – Role for Regional / General Anaesthesia

SPECIALTY SESSIONS

Neuroanaesthesia

Early brain injury after subarachnoid hemorrhage - mechanisms and future directions in management
Neuroendocrine dysfunction in neurosurgical patients – current understanding.
Problem based: Cardiac arrest in a 7 yr old child with posterior fossa tumor during MRI procedure – causes and management
Panel discussion Management of Spinal cord injured patient

Pain Management

Management of Palliative Care – Emerging Interventional modalities
Update on pharmacological management of pain
Problem based discussion Poly trauma victim & acute pain management
Panel discussion Pain Clinic & the Anaesthesiologist

Regional anaesthesia

Adjuvants in Regional blocks – How scientific is it ?
Pro-Con session Regional anaesthesia for laparoscopic procedure
Neurological complications of Obstetric regional anaesthesia
Panel discussion Labour analgesia

Cardiac Anaesthesia

Emerging trends in the minimally invasive hemodynamic monitoring to optimize fluid therapy
Recent developments in monitoring patients undergoing cardiac surgery
Anaesthesia for VATS
Regional anesthesia in cardiovascular surgery

Paediatric Anaesthesia

Myths in Paediatric anaesthesia
Problems in paediatric practice in a rural setup
Paediatric Airway Devices
Foreign body aspiration in a 1 year old girl.

Trauma & Critical care

Rapid Interpretation of Arterial Blood Gas
VAP – Is it really ventilator associated?
Panel Discussion : Physiological triggers for blood transfusion in the ICU
